EDUCATION

Mapúa Malayan Colleges Mindanao
Bachelor of Science in Computer Science

2022 – 2026

EXPERIENCE

Full-Stack Developer, Savage Corporation

2026 – Present

- Build and maintain full-stack web applications for client engagements, covering frontend interfaces, backend workflows, and internal operations tooling.
- Shipped the company's internal portal for time tracking, tasks, announcements, chat, and file sharing, now part of the staff's daily routine.

Freelance Developer and UI/UX Designer

2023 – Present

- Design and build websites and interfaces for small businesses and personal projects using Figma, React, and modern web tooling.
- Rebuilt the public marketing sites and staff operations dashboards of two American HVAC contractors in Next.js and Tailwind CSS; one shipped with WCAG 2.2 AA accessibility as a hard requirement across all 32 routes.

Operations Management Intern, Ollopa Corporation

2026

- Supported workflow coordination, documentation, and process monitoring for the Operations Management department.

PROJECTS

Clinic Management System

2023 – 2024

- Digitized appointment scheduling and medical record keeping for an occupational and special needs clinic in Kidapawan City, replacing paper-heavy workflows. Built with React, Supabase, and PostgreSQL.

Harbinger: Real-Time Object Detection

2024

- Built a security monitoring system on Raspberry Pi with PIR motion sensors, and applied genetic algorithm optimization to keep detection reliable across changing lighting and object orientation.

NurseBot: AI Medical Assistant

2025

- Developed an AI-driven mobile app that manages medication reminders and answers questions about medications and drug information, built with Expo and large language model APIs.

TECHNICAL SKILLS

Languages	JavaScript, TypeScript, Java, Python, C++, C#, SQL
Frontend	React, Next.js, Tailwind CSS, Expo, Figma
Backend and Data	Node.js, Supabase, PostgreSQL, MySQL, Prisma
AI and Systems	LLM integration, Hugging Face, TensorFlow, Raspberry Pi, Cisco networking

CERTIFICATIONS

29 completed courses and certificates, including CCNAv7: Introduction to Networks from Cisco Networking Academy, Data Structures and Advanced Algorithms and Complexity from UC San Diego, an honors Raspberry Pi projects course from Johns Hopkins University, and ten generative AI and NLP courses from LinkedIn Learning.
